

Alternative Liquidity Capital Minnetonka, Minnesota

August 22, 2022

Dear Shareholder,

My name is Jacob Mohs, and I am the managing partner at Alternative Liquidity Capital. We are interested in purchasing your shares of StHealth Capital Investment Corp (“StHealth” or the “Company”).

StHealth does not currently have an active share repurchase program. Consequently, liquidity is extremely limited for shareholders. Furthermore, to the best of our knowledge, STHealth has not paid regular cash distributions to investors.

Fortunately, you now have an opportunity to **get cash quickly** for your shares. Attached please find a copy our Offer to Purchase. By selling your StHealth shares you can reinvest the proceeds into more liquid, income earning securities.

About the Offer

Alternative Liquidity Capital is offering to buy up to 130,000 Common Shares of StHealth at a **price of \$0.10 per share** (the “Purchase Price”).

Our goal is to make this Offer as convenient as possible for you. An Assignment Form is included with the Offer to Purchase. If you choose to sell your shares, please complete, and sign the Assignment Form and send it by email to info@alternativeliquidity.net.

We will then follow up with you to confirm if additional documentation is required.

The deadline to submit offers is September 26, 2022, 11:59 PM, New York City time, so we recommend acting soon. Acceptance of any shares submitted for sale will be confirmed on an ongoing basis, on or before September 26, 2022.

Acceptance of tendered shares is not guaranteed. If we determine that we are not legally able to make the Offer in any particular area or jurisdiction, or to certain individuals or entities, we reserve our right to withdraw our Offer to those applicable and we will make that known to those affected.

by Alternative Liquidity Index, LP**

TENDER PURCHASE DATE: September 29, 2022 (unless Expiration Date is extended)

THE OFFER, THE PRORATION PERIOD, AND THE WITHDRAWAL RIGHTS WILL EXPIRE AT 12:00 A.M. MIDNIGHT, NEW YORK CITY TIME, September 26, 2022 , UNLESS THE OFFER IS EXTENDED OR WITHDRAWN (AS EXTENDED OR WITHDRAWN, THE “EXPIRATION DATE”).

THE ENTIRETY OF THIS OFFER CONTAINS IMPORTANT INFORMATION, DISCLOSURES, AND CONDITIONS REGARDING THIS OFFER. YOU SHOULD READ THIS OFFER CAREFULLY AND IN ITS ENTIRETY BEFORE MAKING A DECISION WITH RESPECT TO THIS OFFER. YOU ARE URGED TO CONSULT WITH FINANCIAL AND OTHER ADVISORS BEFORE MAKING ANY DECISION REGARDING THIS TENDER OFFER.

Alternative Liquidity Index, LP, a Delaware limited partnership, (“*Alternative Liquidity*” “*we*,” or the “*Purchaser*”), is offering to purchase for cash, subject to the terms and conditions set forth in the Offer to Purchase (which, together with any amendments, constitutes the “*Offer*”), up to a maximum of **130,000 shares of STHealth Capital Investment Corp** (“*Company*”) at a purchase price of **\$0.10 per Share**, net cash to the seller, less any applicable withholding taxes and without interest (the “*Purchase Price*”). The Purchaser is not affiliated with the Company or its management. Any dividends paid after Expiration Date or such other date to which the Offer may be extended by the terms of this Offer and as set forth in the Assignment Form, would be assigned by tendering Shareholders to the Purchaser. Tender of Shares will include the tender of any and all securities into which the Shares may be converted and any securities distributed with respect to the Shares from and after the Offer Date.

The Offer will expire at 12:00 midnight, New York City time, on September 26, 2022, unless the Offer is extended or withdrawn (as extended or withdrawn, the “*Expiration Date*”).

According to the Form 10-Q for the period ended March 31, 2022, there are approximately 4,534,191 shares of the Company’s stock (the “Shares”) outstanding. The Purchaser currently does not beneficially own any of the Shares. The 130,000 shares subject to the Offer constitute 2.86% of the outstanding Shares. Consummation of the offer, if all shares sought are tendered, would require payment by the Purchaser of up to \$13,000 in aggregate Purchase price, and an additional \$10,000 in fees and expenses, which the Purchaser intends to fund out of their current working capital.

THE OFFER IS NOT CONDITIONED ON ANY MINIMUM NUMBER OF SHARES BEING TENDERED AND IS NOT SUBJECT TO ANY FINANCING CONDITION. THIS OFFER IS SUBJECT

TO CERTAIN CUSTOMARY CONDITIONS SET FORTH IN “THE OFFER, SECTION 12 – CONDITIONS TO THE OFFER”.

No person or entity has been authorized to give any information or make any representations, warranties or covenants on behalf of Purchaser not contained in the Offer, and, if given or otherwise made, such information, representation, warranty or covenant must not be relied upon as having been authorized by the Purchaser.

Holders of the Shares (“Shareholders”) are urged to consider the following factors:

- Shareholders who tender their Shares will give up the opportunity to participate in any future benefits from the ownership of Shares, including potential future dividends by the Company from operations or dispositions, and the purchase price per Share payable to a tendering Shareholder by the Purchaser may be less than the total amount which might otherwise be received by the Shareholder with respect to the Share from the Company.
- The Company’s Shares are not traded on any exchange. To the best of the Purchaser’s knowledge, the Company does not have an active repurchase program. Therefore, liquidity opportunities for investors are limited.
- There is no assurance that the Company will pay distributions in the future.
- The Purchaser is making the Offer for investment purposes and with the intention of making a profit from the ownership of the Shares. In establishing the Purchase Price, the Purchaser is motivated to establish the lowest price which might be acceptable to Shareholders consistent with the Purchaser’s objectives. There is no readily available public market for the Shares, and neither the Shareholders nor the Purchaser have any accurate means for determining the actual present value of the Shares.
- The company is not current on its SEC filing obligations. Therefore, there is limited information available on the Company’s portfolio. Although there can be no certainty as to the actual present value of the Shares, the Company established an estimated net asset value per Share (the “Estimated Per Share NAV”) of \$0.55 on December 13, 2021, representing the Company’s Estimated Per Share NAV as of September 30, 2021, according to its Form 10-Q- filed with the Commission on December 13, 2021, The Company may publish an update to its Estimated Per Share NAV during the period in which the Offer is open. Shareholders should consult the Company’s public filings pursuant to the Securities Exchange Act of 1934, as amended (the “Exchange Act”), for any such updates, which are available at www.sec.gov. In the event that a Shareholder wishes to withdraw its tender of Shares as a result of such update, a withdrawal of tender may be effected pursuant to Section 5 – *Withdrawal Rights* below.
- The Purchaser has not engaged a third-party depository for the offering. This may create a conflict of interest for the Purchaser. The role of a depository would be administrative only, however, and any conflict of interest should not be deemed material to Shareholders.
- The Offer allows Shareholders the option to sell 'All or None' of their Shares, thereby allowing Shareholders the option to avoid proration if more than 130,000 Shares are tendered. See Section 3—Acceptance for Payment and Payment for Shares; Proration and Section 5—Withdrawal Of the Offer. The Purchaser may accept only a portion of the Shares tendered by a Shareholder if a total of more than 130,000 Shares are tendered and the Shareholder does not select the 'All or None' option.

If you have questions regarding the Offer, or accompanying documents, or need assistance, your inquiries should be directed to the Purchaser at:

*This summary term sheet is provided for your convenience. It highlights certain terms of the proposed Offer, but it does not describe all of the details to the same extent described in the body of the Offer. This summary term sheet is **not** meant to be a substitute for the information contained in the remainder of the Offer and you should carefully read the remainder of the Offer before making a decision regarding the Offer.*

Securities Sought:	Up to 130,000 Shares of ST Health Capital Investment Corp.
Price Offered Per Share:	\$0.10 per Share in cash, without interest.
Scheduled Expiration Date:	11:59 PM , September 26,2022, New York City time, unless extended.
The Purchaser:	Alternative Liquidity Index, LP, a Delaware limited partnership.

Who is offering to buy my Shares?

Alternative Liquidity Index, LP, a Delaware limited partnership, with a mailing address at 11500 Wayzata Blvd. #1040 Minnetonka, MN 55305.

Why is the Offer taking place?

We wish to establish an ownership position in the Shares of the Company and at the same time provide liquidity to legacy holders. Purchaser's current goal is to obtain ownership of Shares for passive investment purposes and potential capital gain.

What securities are you offering to purchase and what is the purchase price?

We are offering to purchase up to a maximum of **130,000 Shares** at a **Purchase Price of \$0.10 per share**, in cash, without interest, and subject to the terms and conditions of the Offer. According to the Form 10-Q for the period ended March 31, 2022, there are approximately 4,534,191 Shares of the Company outstanding.

What are the Purchaser's future intentions concerning the Company?

The Purchaser has no present intention to seek control of the Company or to change the management or operations of the Company. The Purchaser does not have any present intention to take action in connection with the liquidation of the Company or with any extraordinary transaction concerning the Company or its assets. Although the Purchaser does not have any present intention to take any action with respect to management or control of the Company, the Purchaser reserves the right, at an appropriate time, to exercise its rights as a shareholder to vote on matters subject to a shareholder vote, including any vote affecting the sale of the Company's assets and the liquidation and dissolution of the Company. Thus, if the Purchaser purchases a significant number of the outstanding Shares of the Company (pursuant to this and any other tender offers and other purchases), it may be in a position to control the Company by virtue of being able to vote in board of directors elections and other matters requiring shareholder consent.

What is the current market price?

The Shares do not have a readily ascertainable market value, and neither the Shareholders nor the Purchaser have any accurate means for determining the actual present value of the Shares. According to the Company's Form 10-K for the period ended December 31, 2020, "The Company's shares are illiquid assets for which there is not a secondary market and it is not expected that any will develop in the foreseeable future. There can be no assurance that the Company will complete a liquidity event. Even if it does complete a liquidity event, Shareholders may not receive a return of all of their invested capital." . Additionally, to the best of the Purchaser's knowledge, the Company does not have a current share repurchase program.

Although there can be no certainty as to the actual present value of the Shares, the Company established an estimated net asset value per Share (the "Estimated Per Share NAV") of \$0.55 on December 13, 2021, representing the Company's Estimated Per Share NAV as of September 30, 2021, according to its Form 10-Q- filed with the Commission on December 13, 2021, The Company may publish an update to its Estimated Per Share NAV during the period in which the Offer is open. Shareholders should consult the Company's public filings pursuant to the Securities Exchange Act of 1934, as amended (the "Exchange Act"), for any such updates, which are available at www.sec.gov. The Company may publish an update to its Estimated Per Share NAV during the period in which the Offer is open. Shareholders should consult the Company's public filings pursuant to the Exchange Act for any such updates, which are available at

www.sec.gov. In the event that a Shareholder wishes to withdraw its tender of Shares as a result of such update, a withdrawal of tender may be effected pursuant to Section 4 – *Withdrawal Rights* below.

To the best of the Purchaser’s knowledge, there has been no recent secondary market trading in the Company’s Shares.

How did the Purchaser establish the Purchase Price?

In determining the Purchase Price, the Purchaser analyzed a number of quantitative and qualitative factors including: (i) the lack of a secondary market for resales of the Shares and the resulting lack of liquidity of an investment in the Company; (ii) the fact that the Company is delinquent in its filing obligations with the SEC, and consequently there is considerable uncertainty as to the value of the Company’s assets. (ii) risks in the Company’s investment strategy and the estimated value of the Company’s assets, (iii) the costs to the Purchaser associated with acquiring the Shares, and (iv) the Purchaser’s objective to profit from the Offer. Based on this valuation methodology the Purchaser has established a price of \$0.10 per Share.

When does the Offer expire?

The Offer will expire at 12:00 midnight, New York City time, on September 26, 2022, unless we choose to extend the Offer. If a broker, dealer, or other nominee holds your Shares, it is possible you will have a deadline *before* the Expiration Date in order for such broker, dealer, or other nominee to take actions on your behalf.

We may choose to extend the Offer at our sole discretion, subject to applicable laws. See “The Offer, Section 2 – Terms of the Offer”.

How will I know if the Offer is amended, extended, or terminated?

If we decide to extend the Offer, an announcement will be made of the extension via public newswire and the new expiration date will be defined by 9:00 a.m., New York City time, on the first business day after the previously scheduled Expiration Date. We will announce any amendment to the Offer by making a public announcement of the amendment. The Offer can be terminated under certain conditions described in “The Offer, Section 12 – Conditions to the Offer”.

If I tender my Shares, when will I receive payment?

All properly tendering shareholders will receive payment of the stated Purchase Price promptly after the Expiration of the Offer, in cash, without interest, and less any applicable withholding taxes.

Do you have the financial capacity to purchase Shares in the Offer?

Yes. We have sufficient cash on hand to purchase any and all Shares, up to the maximum number of Shares sought, properly tendered in the Offer. As a result, the Offer is not conditioned upon any financing arrangements.

What are the conditions to the Offer?

The Offer is subject only to customary conditions, for example, the absence of legal or government action prohibiting or restricting the Offer, as well as changes in the Company's business that would be considered materially adverse to us. See "The Offer, Section 8 – Conditions to the Offer".

What happens if the Offer is oversubscribed?

If more than 130,000 Shares are validly tendered and not properly withdrawn prior to the Expiration Date (or such greater number of Shares as we may elect to purchase in the Offer as expressly permitted herein), we will purchase Shares on a pro rata basis, with fractional Shares rounded to the nearest whole Share, such that the aggregate number of Shares that we purchase is equal to 130,000 Shares (or such greater number of Shares as we may elect to purchase in the Offer as permitted herein).

Because of the proration provisions described above, we may not purchase all of the Shares that you tender. See Section 3 - Acceptance for Payment and Payment for Shares."

Have other shareholders previously agreed to tender their Shares in the Offer?

No. There are no agreements in place with any officer, director or shareholder of the Company providing for the tender of any Shares in the Offer.

If I change my mind, can I withdraw my tender of Shares?

Shares properly tendered into the Offer may be withdrawn before the Expiration Date. To properly withdraw your previously tendered Shares, a shareholder must follow the procedures set forth in "Section 5 – Withdrawal of Tenders".

Are there United States federal income tax consequences if I tender my Shares?

All tendering shareholders should discuss any potential individual tax ramifications with your tax advisor. Please see "The Offer, Section 8 – U.S. Federal Income Tax Consequences" for additional detail.

What are the additional costs if I tender my Shares?

There will be no additional costs to you, including commissions, if you are a registered holder of Shares and you tender directly to the Purchaser. If you hold Shares through a broker, dealer, commercial bank, trust company or other nominee, you may have additional costs and we advise you to consult with your broker, dealer, commercial bank, trust company or other nominee to determine whether additional costs are applicable to you. See "Section 4 – Procedures for Accepting the Offer and Tendering Shares".

Has the Company board of directors approved the Offer?

Purchaser has not had any contact with the board of directors of the Company, and to the best of Purchaser's knowledge, the Company has not, as of the date hereof, provided any recommendation regarding the Offer.

Who can answer questions regarding the Offer?

All inquiries regarding the Offer and any Offer materials may be directed to the Purchaser, at the address appearing above and on the back cover of the Offer.

THE OFFER

1. PURPOSE OF THIS OFFER

Purchaser's purpose in this Offer is to establish an ownership interest in the Shares. Purchaser is investing *solely* for passive investment purposes and is *not* seeking to control, or influence operations of the business or any of the Company's proceedings.

2. TERMS OF THIS OFFER

Number of Shares. On the terms and subject to the conditions of this Offer, Purchaser will accept for payment and pay the Purchase Price in cash for up to 130,000 Shares that are validly tendered and not properly withdrawn. Purchaser expressly reserves the right to purchase more than this number of Shares under this Offer without amending or extending this Offer. THIS OFFER IS NOT CONDITIONED ON A MINIMUM NUMBER OF SHARES BEING TENDERED AND THERE IS NO FINANCING CONTINGENCY. THIS OFFER IS, HOWEVER, SUBJECT TO CERTAIN CUSTOMARY CONDITIONS SET FORTH IN "SECTION 12 – CONDITIONS TO THIS OFFER". We have sufficient funds to purchase all of the Shares accepted for payment pursuant to the terms and conditions of this Offer.

Purchase Price. The Purchase Price will be \$0.10 per Share, net to the seller in cash, less any applicable withholding taxes and without interest. Tendering shareholders may be returned Shares that we do not purchase, which will be done solely at our expense after the Expiration Date.

Expiration of this Offer. This Offer will expire at 11:59 PM, New York City time, on September 26, 2022, unless we choose to extend this Offer, for any reason, subject to applicable laws. If a broker, dealer, commercial bank, trust company or other nominee holds your Shares, it is possible the applicable nominee has a deadline different (and earlier) for you to instruct on your behalf.

Distribution Relating to the Shares during this Offer Period. Shares which are tendered in this Offer will include all distributions, dividends, interest, or payments to be made on such Shares in any form that are

either declared or are paid on or after the date of this Offer. As a tendering Shareholder, you will assign to us all of your rights to such items related to your Shares.

Effect of Tendering Shares. If you choose to tender your Shares to us, and if the Company were to make any distribution or payment on Shares, you will not receive such distribution or have any right to receive such distribution. By tendering your Shares, your only right is to receive the Purchase Price. There is no assurance that a future distribution, if any, would result in your receiving a higher price than the Purchase Price.

Amendment; Extension; Waiver; Termination. We reserve the right at any time to extend the period of this Offer by making a public announcement of such extension. We additionally reserve the right to terminate or postpone this Offer and not accept Shares, subject to applicable law, if any of the conditions specified in Section 12 of this Offer are not met. Our reservation of the right to delay payment for Shares which we have accepted for payment is limited by Rule 14e-1(c) promulgated under the Securities and Exchange Act of 1934 (the “*Exchange Act*”), which requires that we pay the consideration offered or return the Shares tendered promptly after termination or withdrawal of this Offer.

If the Purchaser makes a material change in the terms of this Offer or the information concerning this Offer or waives a material condition of this Offer, the Purchaser will extend this Offer to the extent required by Rules 14d-4(d)(1) and 14e-1 under the Exchange Act. The minimum period during which an offer must remain open following a material change in the terms of the offer or information concerning the offer, other than a change in price or a change in percentage of securities sought, will depend upon the facts and circumstances, including the relative materiality of the change in the terms or information. With respect to a change in price or a change in percentage of securities sought (other than an increase of not more than 2% of the securities sought), however, a minimum ten-business day period is generally required to allow for adequate dissemination to security holders and for investor response. As used in this Offer to Purchase, “business day” means any day other than a Saturday, Sunday or a federal holiday, and consists of the time period from 12:01 a.m. through midnight, Eastern Time. Any material change in the terms of this Offer will be published, sent, or given to you in a manner reasonably designed to inform you of such change; in most cases the Purchaser will mail you supplemental materials.

As stated above, if we modify the terms of this Offer, or the information herein, we will extend this Offer pursuant to Rule 14e-1 under the Exchange Act, which provides that there is a minimum period during which an offer must remain open following material changes (other than a change in price).

3. ACCEPTANCE FOR PAYMENT AND PAYMENT FOR SHARES; PRORATION

Upon the terms and subject to the conditions of this Offer (including, if this Offer is extended or amended, the terms and conditions of any extension or amendment), the Purchaser will accept for payment, and will pay for, Shares validly tendered and not withdrawn in accordance with Section 4, promptly following the Expiration Date and upon confirmation from the Company or its transfer agent that the Shares have been transferred to the Purchaser. In all cases, payment for Shares purchased pursuant to this Offer will be made

only after timely receipt by the Purchaser of a properly completed and duly executed Assignment Form (or facsimile thereof) and any other documents required by the Assignment Form. The Purchaser desires to purchase up to 130,000 Shares. If the number of Shares validly tendered and not properly withdrawn on or prior to the Expiration Date is less than or equal to 130,000 , we will purchase all Shares so tendered and not withdrawn, upon the terms and subject to the conditions of this Offer. However, if more than 130,000 Shares are so tendered and not withdrawn, we will accept for payment and pay for 130,000 Shares so tendered, pro rata according to the number of Shares so tendered, adjusted by rounding down to the nearest whole number of Shares tendered by each Shareholder to avoid purchases of fractional Shares, as appropriate.

In the event that proration is required, because of the difficulty of immediately determining the precise number of Shares to be accepted, the Purchaser will announce the final results of proration as soon as practicable, but in no event later than five business days following the Expiration Date. The Purchaser will not pay for any Shares tendered until after the final proration factor has been determined.

Shareholders may indicate, by checking a box on the Assignment Form (the 'All or None' Box), that they only wish to sell their Shares if they will be able to sell all of their Shares, without any proration. See Section 5—Withdrawal Rights. If more than 130,000 Shares have been properly tendered without checking the All or None Box, then the above description of proration will apply only to tenders of such Shares that do not have the All or None Box checked.

For purposes of this Offer, the Purchaser shall be deemed to have accepted for payment (and thereby purchased) tendered Shares when, as and if the Purchaser give oral or written notice to the seller of the Purchaser's acceptance for payment of such Shares pursuant to this Offer.

Under no circumstances will interest be paid on thePurchase Price by reason of any delay in making such payment. If any tendered Shares are not purchased for any reason (other than due to proration as described above), the Assignment Form with respect to such Shares not purchased will be of no force or effect. If, for any reason whatsoever, acceptance for payment of, or payment for, any Shares tendered pursuant to this Offer is delayed or the Purchaser are unable to accept for payment, purchase or pay for Shares tendered pursuant to this Offer, then, without prejudice to the Purchaser's rights under Section 13, the Purchaser may, nevertheless, retain tendered Shares and such Shares may not be withdrawn (but subject to compliance with Rule 14e-1(c) under the Exchange Act, which requires that the Purchaser pay the consideration offered or return the Shares deposited by or on behalf of the Shareholder promptly after the termination or withdrawal of a tender offer), except to the extent that the tendering Shareholders are entitled to withdrawal rights as described in Section 5. If, prior to the Expiration Date, the Purchaser shall increase the consideration offered to Shareholders pursuant to this Offer, such increased consideration shall be paid for all Shares accepted for payment pursuant to this Offer, whether or not such Shares were tendered prior to such increase.

4. PROCEDURES FOR ACCEPTING THESE OFFER AND TENDERING SHARES

Valid Tender. For Shares to be validly tendered pursuant to this Offer, a properly completed and duly executed Assignment Form (a copy of which is enclosed with this Offer) with any other documents required by the Assignment Form must be received by the Purchaser at its address set forth on the back cover of this Offer to Purchase on or prior to the Expiration Date. A Shareholder may tender any or all Shares owned by such Shareholder. In order for a tendering Shareholder to participate in this Offer, Shares must be validly tendered and not withdrawn prior to the Expiration Date, or such date to which this Offer may be extended. The method of delivery of the Assignment Form and all other required documents is at the option and risk of the tendering Shareholder and delivery will be deemed made only when actually received by the Purchaser.

Other Requirements. By executing an Assignment Form as set forth above, a tendering Shareholder irrevocably appoints the designees of the Purchaser as such Shareholder's proxies, in the manner set forth in the Assignment Form, each with full power of substitution, to the full extent of such Shareholder's rights with respect to the Shares tendered by such Shareholder and accepted for payment by the Purchaser. Such appointment will be effective when, and only to the extent that, the Purchaser accepts such Shares for payment. Upon such acceptance for payment, all prior proxies given by such Shareholder with respect to such Shares will, without further action, be revoked, and no subsequent proxies may be given (and if given will not be effective). The designees of the Purchaser will, with respect to such Shares, be empowered to exercise all voting and other rights of such Shareholder as they in their sole discretion may deem proper at any meeting of Shareholders, by written consent or otherwise. In addition, by executing an Assignment Form, a Shareholder also assigns to the Purchaser all of the Shareholder's rights to receive dividends from the Company with respect to Shares which are accepted for payment and purchased pursuant to this Offer, other than those dividends paid during the period commencing on this Offer Date and terminating on the Expiration Date.

Determination of Validity; Rejection of Shares; Waiver of Defects; No Obligation to Give Notice of Defects. All questions as to the validity, form, eligibility (including time of receipt), and acceptance for payment of any tender of Shares pursuant to the procedures described above will be determined by the Purchaser, in their sole discretion, which determination shall be final and binding. The Purchaser reserve the absolute right to reject any or all tenders if not in proper form or if the acceptance of, or payment for, the absolute right to reject any or all tenders if not in proper form or if the acceptance of, or payment for, the Shares tendered may, in the opinion of the Purchaser' counsel, be unlawful. The Purchaser also reserve the right to waive any defect or irregularity in any tender with respect to any particular Shares of any particular Shareholder, and the Purchaser' interpretation of the terms and conditions of this Offer (including the Assignment Form and the Instructions thereto) will be final and binding. Neither the Purchaser nor any other person will be under any duty to give notification of any defects or irregularities in the tender of any Shares or will incur any liability for failure to give any such notification. A tender of Shares pursuant to any of the procedures described above will constitute a binding agreement between the tendering Shareholder and the Purchaser upon the terms and subject to the conditions of this Offer, including the tendering Shareholder's representation and warranty that (i) such Shareholder owns the Shares being tendered within the meaning of Rule 14e-4 under the Exchange Act and (ii) the tender of such Share complies with Rule 14e-4. Rule 14e-4 requires, in general, that a tendering security holder actually be able to deliver the security subject to the tender offer, and is of concern particularly to any Shareholders who

have granted options to sell or purchase the Shares, hold option rights to acquire such securities, maintain "short" positions in the Shares (i.e., have borrowed the Shares) or have loaned the Shares to a short seller. A Shareholder will be deemed to tender Shares in compliance with Rule 14e-4 and this Offer if the holder is the record owner of the Shares and the holder (i) delivers the Shares pursuant to the terms of this Offer, (ii) causes such delivery to be made, (iii) guarantees such delivery, (iv) causes a guaranty of such delivery, or (v) uses any other method permitted in this Offer (such as facsimile delivery of the Assignment Form).

5. WITHDRAWAL OF TENDER

Except as set forth in this Section 5, a tendering shareholder's tender of Shares shall be irrevocable; *provided, however*, any tendering shareholder may withdraw previously tendered Shares prior to the Expiration Date by following the procedure described herein for withdrawal to be effective a written or facsimile transmission notice of withdrawal must be timely received by the Purchaser at the address or the facsimile number set forth in the attached Assignment Form. Any such notice of withdrawal must specify the name of the person who tendered the Shares to be withdrawn and must be signed by the person(s) who signed the Assignment Form in the same manner as the Assignment Form was signed. If purchase of, or payment for, Shares is delayed for any reason or if the Purchaser are unable to purchase or pay for Shares for any reason, then, without prejudice to the Purchaser' rights under this Offer, tendered Shares may be retained by the Purchaser on behalf of the Purchaser and may not be withdrawn except to the extent that tendering Shareholders are entitled to withdrawal rights as set forth in this Section 4, subject to Rule 14e-1(c) under the Exchange Act, which provides that no person who makes a tender offer shall fail to pay the consideration offered or return the securities deposited by or on behalf of security holders promptly after the termination or withdrawal of the tender offer. All questions as to the form and validity (including time of receipt) of notices of withdrawal will be determined by the Purchaser, in their sole discretion, which determination shall be final and binding. Neither the Purchaser nor any other person will be under any duty to give notification of any defects or irregularities in any notice of withdrawal or will incur any liability for failure to give any such notification. Any Shares properly withdrawn will be deemed not to be validly tendered for purposes of this Offer. Withdrawn Shares may be re-tendered, however, by following the procedures described in Section 3 at any time prior to the Expiration Date.

Automatic Withdrawal Option. Shareholders may indicate, by checking a box on the Assignment Form (the 'All or None Box'), that they only wish to sell their Shares if they will be able to sell all of their Shares, without any proration. Shareholders may change their election whether or not to check the All or None Box at any time on or prior to the Expiration Date by submitting a new Assignment Form with their preferred election, in the manner described in herein.

6. EFFECTS OF THIS OFFER

Limitations on Resales. The Purchaser does not believe the provisions of the Company's Articles of Incorporation should restrict transfers of Shares pursuant to this Offer.

Effect on Trading Market. If a substantial number of Shares are purchased pursuant to this Offer the result would be a reduction in the number of Shareholders. Reducing the number of security holders in certain kinds of equity securities might be expected to result in a reduction in the liquidity and volume of activity in the trading market for the security.

8. ESTABLISHMENT OF THE PURCHASE PRICE

The Purchaser has established a Purchase Price of \$0.10 per Share.

In determining the Purchase Price, the Purchaser analyzed a number of quantitative and qualitative factors including: (i) the lack of a secondary market for resales of the Shares and the resulting lack of liquidity of an investment in the Company; (ii) the fact that the company is delinquent in its filing obligations with the SEC, and consequently there is considerable uncertainty as to the value of the Company's assets; (iii) risks in the Company's investment strategy and the estimated value of the Company's assets; (iv) the costs to the Purchaser associated with acquiring the Shares; and (v) the Purchaser's objective to profit from this Offer. Based on this valuation methodology the Purchaser has established a price of \$0.10 per Share.

According to the Company's Form 10-K for the period ended December 31, 2020:

"The Company's shares are illiquid assets for which there is not a secondary market and it is not expected that any will develop in the foreseeable future. There can be no assurance that the Company will complete a liquidity event. Even if it does complete a liquidity event, Shareholders may not receive a return of all of their invested capital."

To the best of the Purchaser's knowledge, there company does not have a current share repurchase program.

Additionally, to the best of the Purchaser's knowledge, the company does not have a currently active share repurchase program. The illiquidity of shares means that Shareholders have limited alternatives if they seek to sell their Shares. As a result of such limited alternatives for Shareholders, the Purchaser may not need to offer as high a price for the Shares as it would otherwise. On the other hand, the Purchaser takes a greater risk in Purchasing Share because Purchaser itself will have limited liquidity for the Shares upon consummation of the purchase.

The Purchaser is offering to purchase Shares which are an illiquid investment and is not offering to purchase the Company's underlying assets. Although there can be no certainty as to the actual present value of the Shares, the Company established an estimated net asset value per Share (the "Estimated Per Share NAV") of \$0.55 on December 13, 2021, representing the Company's Estimated Per Share NAV as of September 30, 2021, according to its Form 10-Q- filed with the Commission on December 13, 2021.

The majority of the Company's assets consist primarily of illiquid investments without a readily ascertainable market value. In its 10-Q for the period ended September 30, 2021, the company notes:

“Due to the inherent uncertainty of determining the fair value of investments that do not have a readily available market value, the fair value of our investments may fluctuate from period to period. Additionally, the fair value of our investments may differ significantly from the values that would have been used had a ready market existed for such investments and may differ materially from the values that we may ultimately realize. Further, such investments are generally subject to legal and other restrictions on resale or otherwise are less liquid than publicly traded securities. If we were required to liquidate a portfolio investment in a forced or liquidation sale, we could realize significantly less than the value at which we have recorded it.”

Since the Company has not current in its SEC filing obligations, there is additional uncertainty as to the value of the underlying assets.

The Company may publish an update to its Estimated Per Share NAV during the period in which this Offer is open. Shareholders should consult the Company’s public filings pursuant to the Securities Exchange Act of 1934, as amended (the “Exchange Act”), for any such updates, which are available at www.sec.gov. In the event that a Shareholder wishes to withdraw its tender of Shares as a result of such update, a withdrawal of tender may be effected pursuant to Section 5 – *Withdrawal Rights*.

As of the most recent available public filings, the Company’s assets consisted primarily of equity investments in private companies in the healthcare industry. The Company is therefore subject to industry specific risks. In purchasing the shares, the Purchaser will be exposed to risks in the healthcare sector. Declines in the healthcare industry and/or in specific investments in the Company’s investment portfolio could impact the Company’s ability to pay cash distributions.

In establishing this Offer Price of \$0.10 per Share, the Purchaser is motivated to establish the lowest price which might be acceptable to Shareholders consistent with the Purchaser’s objectives. No independent person has been retained to evaluate or render any opinion with respect to the fairness of the Purchase Price and no representation is made by the Purchaser or any affiliate of the Purchaser as to such fairness. Other measures of the value of the Shares may be relevant to Shareholders. Shareholders are urged to consider carefully all of the information contained herein and consult with their own advisers, tax, financial or otherwise, in evaluating the terms of this Offer before deciding whether to tender Shares.

Purchaser has not performed or commissioned any appraisal, or engaged any independent financial advisor or other third party to perform any valuation analysis or provide any opinion respecting the value of the Shares. The Purchase Price offered is based solely upon the Purchaser’s own independent assessment of Share value, based solely on its analysis of the information contained in the SEC EDGAR database (<https://www.sec.gov>), Company’s website (<https://sthealthcapital.com/>), such sites being accessible by all persons wishing to access them. All shareholders are urged to access information on these sites in order to evaluate the Offer. All tendering Shareholders are encouraged to engage in their own, independent valuation analysis before making a decision respecting the Offer.

The Offer is not made with any current view toward or plan or purpose of acquiring Shares in a series of successive and periodic offers. Nevertheless, the Purchaser reserves the right to gauge the response to this solicitation, and, if not successful in purchasing Shares pursuant to this Offer, may consider future offers.

Factors affecting the Purchaser's future interest in acquiring additional shares of common stock include, but are not limited to, the relative success of the current Offer, any increase or decrease in the availability of capital for investment by the Purchaser and its investment fund affiliates, the current diversification and performance of each affiliated fund's portfolio of real estate interests, the development of any public market in the Shares or actions by unrelated parties to tender for or purchase Shares, the status of and changes and trends in the Company's operations, announcement of pending property sales and the proposed terms of sales, and local and national real estate and financial market developments and trends.

10. FUTURE PLANS

Following the completion of this Offer, the Purchaser, or its affiliates, may acquire additional Shares. Any such acquisitions may be made through private purchases, one or more future tender offers or by any other means deemed advisable or appropriate. Any such acquisitions may be at a consideration higher or lower than the consideration to be paid for the Shares purchased pursuant to this Offer. The Purchaser is seeking to purchase a total of 130,000 Shares. If the Purchaser acquires fewer than 130,000 Shares pursuant to this Offer, the Purchaser may seek to make further purchases on the open market at prevailing prices, or solicit Shares pursuant to one or more future tender offers at the same price, a higher price or, if the Company's circumstances change, at a lower price. Alternatively, the Purchaser may discontinue any further purchases of Shares after termination of this Offer, regardless of the number of Shares purchased. The Offer is not made with any current view toward or plan or purpose of acquiring Shares in a series of successive and periodic offers. Nevertheless, as noted above, the Purchaser reserves the right to gauge the response to this solicitation, and, if not successful in purchasing 130,000 Shares in this Offer, may consider future offers. Factors affecting the Purchaser's future interest in acquiring additional Shares include, but are not limited to, the relative success of the current Offer, any increase or decrease in the availability of capital for investment by the Purchaser and its investment fund affiliates, the current diversification and performance of the Purchaser's investments, the development of any public market in the Shares or actions by unrelated parties to tender for or purchase Shares, the status of and changes and trends in the Company's operations, announcement of pending property sales and the proposed terms of sales, and local and national and financial market developments and trends.

The Purchaser is acquiring the Shares pursuant to this Offer solely for investment purposes. The Purchaser has no present intention to seek control of the Company or to change the management or operations of the Company. The Purchaser does not have any present intention to take any action in connection with the liquidation of the Company. The Purchaser nevertheless reserves the right, at an appropriate time, to exercise its rights as shareholders to vote on matters subject to a shareholder vote, including, but not limited to, any vote to affecting the sale of the Company's properties and the liquidation

and dissolution of the Company. Except as expressly set forth herein, the Purchaser has no present intention to seek control of the Company, to cause the Company to engage in any extraordinary transaction, to cause any purchase, sale or transfer of a material amount of the assets of any corporation, to make any change in the dividend policies, indebtedness or capitalization of any corporation or to change the structure, management or operations of the Company, the listing status of the Shares or the reporting requirements of the Company. However, if the Purchaser purchases a significant number of the outstanding Shares of the Company (pursuant to this Offer or any other tender offers and other purchases), it may be in a position to control the Company by virtue of being able to vote in board of directors elections and other matters requiring shareholder consent.

11. SOURCES OF FUNDS

The Purchaser expects that approximately \$13,000 would be required to purchase 130,000 Shares, if tendered, and additional funds may be required to pay related fees and expenses. The Purchaser anticipates funding all of the Purchase Price and related expenses through its existing capital and assets. The cash and liquid securities necessary to complete the entire purchase are readily available and are committed to that purpose. Accordingly, there are no financing arrangements to fall through and no alternative financing plans.

12. CONDITIONS TO THIS OFFER

The summary provided herein is based upon the Internal Revenue Code of 1986, as amended (the “*Code*”), all as of the date hereof. This summary addresses only Shares held as capital assets held by United States Holders. It does not address personal circumstances, including for example persons who are subject to alternative minimum tax, or United States Holders who use a functional currency other than the United States dollar. Assuming the holding period of the shareholder is over one year, this gain or loss will be given long-term treatment. We recommend that shareholders with questions should discuss the tax consequences of this Offer with their tax advisors, both with regard to federal and state or local taxation.
